Focused on transportation law

DEB QUAILE

Founded in 2005, Marcello & Kivisto LLC, or M&K, is “dedicated to and focused upon transportation law and the needs of their transportation clients.”

With that concept of serving their clients firmly in mind, both Doug Marcello and Sonya Kivisto went out and earned their CDLs to gain intimate knowledge of the

road, professional drivers, and what it takes to defend trucking cases across the country.

It’s an aggressive approach that “proactively takes the fight to the plaintiffs instead

of the traditional approach of reacting to their moves,” says Doug Marcello.

“Our firm was founded with the belief that trucking defence deserves and requires a full commitment of our practice.”

M&K’s focused niche market means they are committed to being available 24/7 to respond to clients’ immediate needs.

With such dedicated personal service, M&K clients can feel assured that their interests in accident cases, as well as cargo claims, employment, Workers’ Compensation, criminal defence for motor vehicle matters and CDL issues will receive prompt and careful attention.

“We are located in the Central Pennsylvania trucking hub, near the intersecting interstates I-76, I-80, I-81, and I-83. With immediate response to accidents in this area, along with more than 28 years experience in litigating cases, we are uniquely positioned to apply our full commitment to trucking defence.”

Marcello, a life-long resident of Pennsylvania who received his undergraduate degree from Dickinson College and subsequently worked for Price Waterhouse as an auditor, graduated from the Dickinson School of Law.

But to really get into the hearts and
